

WORLD MASTERS TIME TRIAL CHALLENGE 2007

Congratulations to all six clubs in this year's WMTTC. It is nice to see the Challenge, which started in 1997 between the EMCC and the VTTA Manchester and NW District, slowly expanding. It should be noted that Redbridge and Hamilton PR have had their own international duel going every year since 1987. Hope to "see" you all again next year!

Age	Name	ACTUAL	+/-	TEAM	
Edmonton Masters Cycling Club - August 26 - Darwell					
46	Copeland	Bruce	51:03	+17:35	
75	Bigg	Peter	1:08:46	+16:22	
54	Heacock	Ed	57:07	+15:43	
61	Heppleston	Peter	1:01:56	+14:48	
75	von zur Gathen	Heinz	1:10:51	+14:17	

At the start it looked as though it would be a cool but calm and fast morning at Darwell. But a rising NE wind became a headwind all the way back from the turn, and most riders' times - not everyone's! - reflected this.

Ontario Masters Cycling Association - August 12 - Binbrook

64	Springer	Chris	1:02:05	+16:23	
62	Morris	Peter	1:02:39	+14:39	
74	Hogarth	Ted	1:10:04	+14:26	
41	Jack	David	52:53	+13:14	
48	Allen	Iain	57:27	+12:13	

The times were recorded in the OMCA Championship race held at Binbrook on August 12, when we had a good turnout of 10 members. The course is mostly flat, slightly downhill out, with a deceptive false flat coming back. Notorious for heavy winds, on this day Binbrook was very tough with a strong cross-headwind on the return. Some results were not as fast as earlier in the season, but we hope the team aggregate will place well in the Challenge. Thank you for hosting this international event.

Horizon 100 CC (Saskatchewan) - September 2 - Moose Jaw

72	Orr	Ken	1:07:20	+15:55	
67	Dekok	Jacob	1:04:38	+15:35	
53	Howse	Rob	57:16	+15:02	
54	Matus	Frank	58:49	+14:01	
49	Kluge	Cornelius	1:00:01	+10:09	

The course was just outside Moose Jaw on Highway #2. The race was an out 21km, uphill and 19km back downhill on a rolling road with 165 meters of climbing. The weather was 18 degrees with a 6km SE wind. An all round nice day for a time trial.

Hamilton Pine Rivers Wheelers - September 23 - Laidley

67	Bolter	Tony	1:04:05	+16:36	
73	Young	Ron	1:08:22	+16:00	
69	Brown	Ron	1:06:51	+15:02	
75	Green	Lyndsay	1:15:50	+9:48	
66	Alcorn	Gary	1:10:44	+9:21	

Brampton Cycling Club - October 7 - Binbrook

74	Webb	Ted	1:08:15	+ 16:15	
57	Cash	Joel	1:02:46	+ 11:43	
46	Woolley	David	0:59:23	+ 9:15	
48	Bick	Gerry	1:00:46	+ 8:54	
47	Sullivan	Geoff	1:02:03	+ 7:06	

The conditions were not the greatest, with heavy fog (visibility not more than 30 feet within 10 km from the start/finish line) and light drizzle throughout. The conditions cleared during the 10 km closest to the 20 km turnaround, where fog lifted and the light rain stopped - the sun was even attempting the break through. There was a 10 - 15 km/hr N.E. cross wind. Eight brave souls completed the event under these less than ideal conditions.

Redbridge Cycling Club - September 2 - E91/25 (Leaden Roding)

58	Angell	Eric	1:04:24	+11:05	
52	Smith	Steve	1:01:42	+10:29	
63	Pheby	Ed	1:09:05	+9:15	
66	Atherton	Ron	1:11:16	+8:49	
73	Dawson	Alan	1:16:02	+8:20
